WHAT IS MS Markers?

Quantim MS Markers is an easy-to-use online service that provides reliable and clinically useful measurements of lesion count and volume, normal brain volumes and brain and gray matter atrophy from routine clinical MR images.

For more information visit www.quantim.eu.

BENEFITS

☑ **PROGNOSTIC**
Be informed about the MRI activity of MS disease in your patient – use MS Markers to get ahead of MS.

☑ **RELIABLE**
We use the best algorithm, thoroughly validated on relevant clinical images, to extract each biomarker.

☑ **EASY TO USE**
Automatically extracts biomarkers most relevant to MS and returns an easily understandable report.

HOW IT WORKS?

IMAGE UPLOAD
Upload DICOM files to our server through secure web transfer.

AUTOMATIC ANALYSIS
Uploaded images are automatically analyzed.

QUALITY CHECK
All results are subject to manual quality control.

REPORT DOWNLOAD
Once approved by quality control, report is available for download.
