University of Ljubljana Innovation Fund Call for proposals

Evaluation sheet

Project title:
Applicant - UL member and laboratory:
Evaluated by: :

TRL

The technology readiness level (TRL) is:	
--	--

FUNDAMENTAL CRITERIA	POINTS
Team references; Max. points: 10 + 3 bonus point	0,0
The team shows ambition and great commitment to the project.. (max. points 4)	
The team has experience implementing applied projects. (max. Points 3)	
EThe team has experience working with the business sector (max. points 3)	
BONUS: The team is interdisciplinary.. (max. points 3)	
The team is interdisciplinary.; Max. points: 15 + 5 bonus	0,0
It is clearly described what problem the project addresses and who is facing it, the baseline state of the problem has also been provided. (max. points 3)	
It is clearly described how the project solves the highlighted problem and what key features/functions of the product/service/solution have been improved. It is explained what makes the proposed solution better than competitors' solutions.(max. points 4)	
Specific examples of the state of the art/services/procedures/ideas/methods have been provided, the proposed project has been compared with the existing situation, a review of the patents and other protections of intellectual property has been presented, along with a review of the scientific and expert literature. (max. points 4)	
The technology has been protected by means of intellectual property rights or can be protected by means of intellectual property rights (including trade secret). (max. points 4)	
BONUS: The project has been entered for the Rector's Award for the best innovation or another comparable competition. (max. points 5)	

Market potential; Max. points: 20 + 8 bonus points	0,0
The target groups of clients or end users (domestic and international) have been clearly defined. (max. points 4)	
Size of the project's market potential: •The market is local(max. points 2), •The market is global - niche market potential(max. points 3), The market is global - general market potential. (max. points 4),	
The planned entry to the market is sensible and promises positive results.. (max. points 3)	
The proposed project coincides with the current trends (follows the trends/is the trend leader). (max. points 5)	
Direct and indirect competition are low, there are possibilities to enter the market. (max. points 4)	
BONUS: The project has received letters of support by Slovenian or foreign organisations/companies. (max. points 4)	
BONUS: The researchers are considering establishing a spin-out company. (max. points 4)	
Feasibility of project proposal; Max. points: 20	0,0
The entire project (idea, team, market potential and proposed activities) is complete, sensible and realisable. (max. points 6)	
After the project has been implemented, commercialisation opportunities will increase significantly. (max. Points 5)	
The project is feasible in the set time period.. (max. points 4)	
The risk of the project not being realised is low.. (max. points 5)	
Rationality of the financial plan; Max. points: 15 + 4	0,0
The financial plan is economical. . (max. točk 8)	
The costs of the proposed activities have been suitably evaluated.. (max. točk 7)	
BONUS: The technology will be tested in cooperation with industry partners (financial and in-kind contributions of the company), legal relationships have been arranged. (max. points 4)	
TOTAL NUMBER OF POINTS ATTAINED(MAX 100 POINTS)	0,0
out of TOTAL BONUS points (max 20)	0,0
